These dates also follow times when various metro schools are not meeting for classes.

Please submit completed copies of the attached participant Eligibility and Enrollment forms if you haven't already. You may submit these to my email, rgbibens@dmacc.edu. Please indicate which training your participant would like to attend! They only need to attend one.

When minor participants wish to establish their account, they will need to either have a trusted adult sign on as a joint owner to the account or wait until they turn 18 to establish their own account.

In the days following the training, participants will require these items to establish their Opportunity Passport® account. They may open with any bank or credit union, but the Greater Iowa Credit Union is the longest serving partner for these accounts:

- A state issued photo ID
- Their Social Security Card
- At least \$5 to open the account
- A piece of mail or paperwork confirming their current address
